

ale

| Cultural Focus | | |
|--------------------------------------|---|--|
| Environmental Organisations | | How they work to protect and monitor the environment |
| Greenpeace |  | What the organisation does How they raise their money to fund their cause |
| World Wide Fund for Nature |  | What the organisation does How they raise their money to fund their cause |
| United Nations Environment Programme |  | What the organisation does How they raise their money to fund their cause |

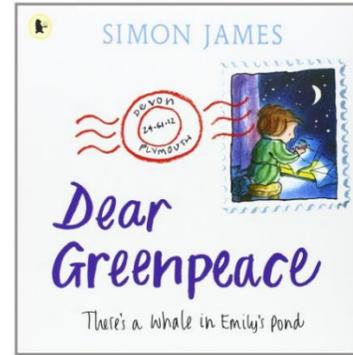

| Authorial Focus |
|---|
| Simon James |
| Grew up In Bristol and Exeter |
| Enjoys drawing cartoons Interested in nature Saving the environment Won prizes for his books |
| Julia Donaldson |
| Children's author Writes rhyming books Doesn't illustrate her own books |

| Geographical Focus | |
|--------------------|---|
| Continents | Recap what a continent is, their names and positions Europe, Africa, Asia, Australia, Antarctica, North America, South America  |
| Five Ocean | Oceans are a large area of sea and there are five oceans. Their names are Pacific, Atlantic, Indian, Arctic, Southern |
| Sea | Sea is salt water and is located where land and ocean meet.  |
| Migration | Moving from one place to another Whales are migratory and move between the oceans |

| Science Focus | |
|----------------|---|
| Marine Biology | Study of life in the oceans and sea |
| Whales | Very large mammal that lives in the sea |
| Mammals | Mammals have a back bone and warm blood. Female mammals give birth to babies and feed their young with milk. |
| Cetacean | A mammal that lives under water whales dolphins porpoises    |
| Species | Group of animals with similar characteristics. There are 90 species of cetaceans. |
| Types of Whale | The blue whale is an endangered species and there is a risk that all living blue whales will die. The hump back whale has the conservation status of least concern as the population of hump back whales is increasing. The hump back whale is therefore not an endangered species. |
| Carnivores | Wales are carnivores and they eat squid, krill, ghost shrimp capelin     |

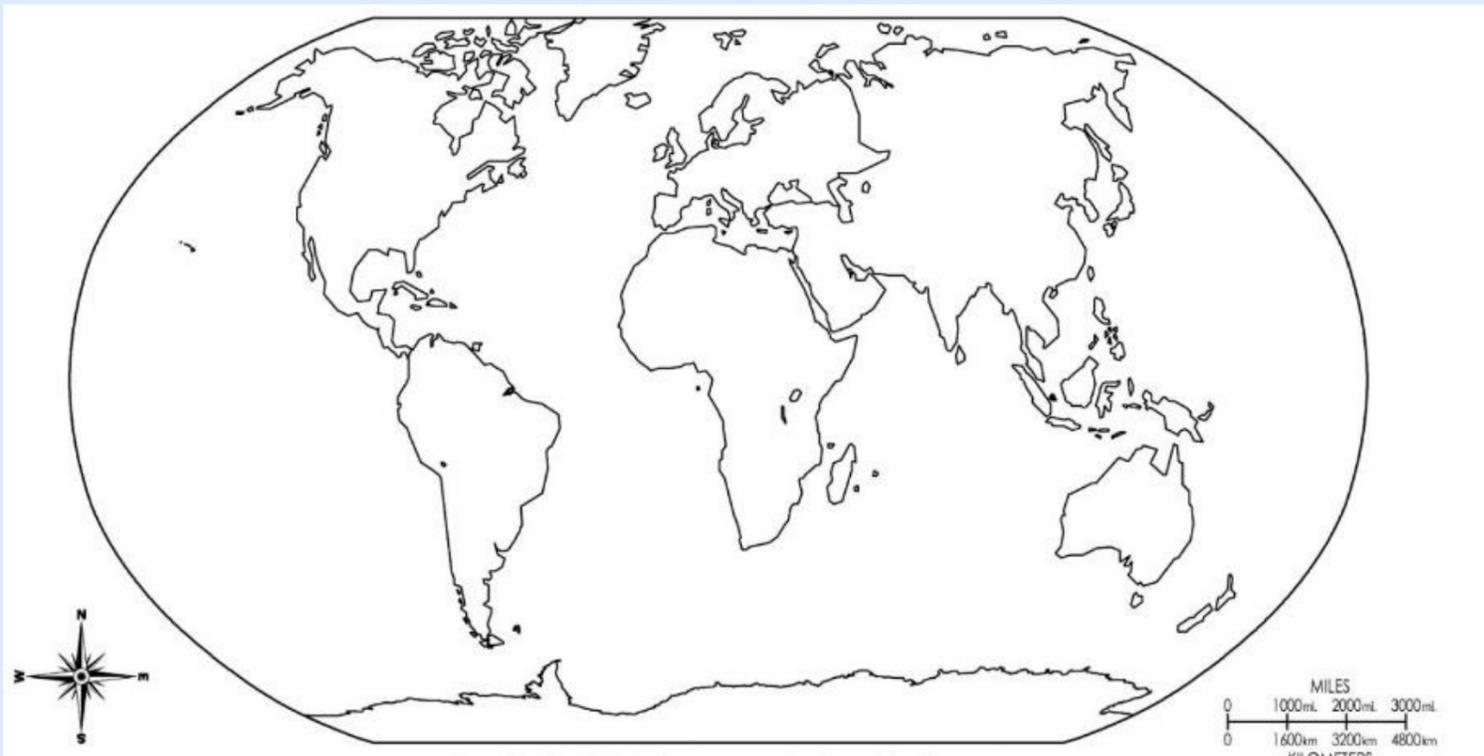

| Suggested Activities to do with your child | |
|--|--|
| Watch | Watch a wildlife program like blue planet to find out about cetaceans. |
| Visit | Take a trip to the Sea Life centre and find out more about life under the water. |
| Do | Do something to help an environmental organisation like collecting rubbish from the beach. |

| Science Focus Quiz | |
|---|--|
